48" Walk-in Bathing Tub

**All height measurements include 0.5" to accommodate for leg levelers.

Faucet holes and drain are available on the left, right or center. Typically, faucet holes and drain will be located on the same side, unless otherwise requested.

The drain hole is 3 1/2" in diameter and is centered from front to back in the tub, which puts the center of the hole at 12" from the front panel and 12" from the back panel and 7 1/2" from the side panel of the tub.

The three faucet holes are 4" on center. The holes are 1.25" in diameter and are up 37.5" from the floor. From the backsplash panel, the center of the first hole is in 3", the middle hole is in 7" and the last hole is in 11".
